### Notice of Revision to Dividend Forecast

The Board of Directors of Japan System Techniques Co., Ltd. (JAST) approved a resolution on June 26, 2025 to revise the dividend forecast for the fiscal year ending March 31, 2026.

#### 1. Reason for the revision to dividend forecast

For many years, March accounted for a high percentage of the sales and earnings of the JAST Group because product inspections by client companies tend to take place mainly in March, the last month of the fiscal year for most clients. In recent years, quarterly sales and earnings tend to level off because of a new accounting standard for revenue recognition that started in the fiscal year that ended in March 2022 and other reasons. As a result, JAST has decided to end the policy of paying only a year-end dividend and begin paying a dividend for the first half of the fiscal year too. This revision creates another opportunity to distribute earnings to shareholders. Due to this revision, the dividend forecast for the current fiscal year has been revised as follows.

The JAST Articles of Incorporation allow the Board of Directors to approve the payment of dividends from surplus without the approval of a resolution by shareholders as provided for in the Companies Act, except when stipulated otherwise in laws or regulations.

#### 2. Revisions

	Dividend per share		
	2Q-end	Year-end	Total
Previous forecast (Announced on May 14, 2025)	0.00 yen	35.00 yen	35.00 yen
